

DIVAKAR D

Frontend Developer & UI/UX Designer

blacksparroww20@gmail.com | +91 9176287736 | Chennai, India | [Portfolio](#) | [Linkedin](#) | [GitHub](#)

CAREER OBJECTIVE

Frontend Developer and UI/UX Designer with hands-on experience building responsive, visually polished web applications using React, JavaScript, and Tailwind CSS. Skilled at translating client requirements into clean, user-centric interfaces, with growing exposure to backend and database integration (Node.js, MongoDB, Supabase) for end-to-end product delivery. Seeking freelance and full-time opportunities focused on frontend development and UI/UX design.

SKILLS

Frontend Development: HTML5, CSS3, JavaScript, React.js, Tailwind CSS, Responsive Design

UI/UX & Design Tools: UI/UX Design, Figma, Canva, Wix, WordPress, Web Design

Backend & Tools: Node.js, MongoDB, Java, Python, GitHub, Netlify

Other: MS PowerPoint, Creative Thinking, Problem Solving, Effective Communication

PROJECTS

7 Projects

DGA FitUp — Fitness Tracking Web App

Mar 2026 – Present

- Built a full-stack fitness tracking app combining workout planning, nutrition tracking, and progress analytics in a single platform with a modern glassmorphism UI.
- Implemented structured workout routines, protein intake tracking, daily streak monitoring, and goal-based personalization using HTML, JavaScript, and CSS.
- Currently integrating a Node.js/MongoDB backend with JWT authentication for persistent, cross-device data sync.

DGA Digital Marketing (DarkGenesis Apex) — AI Marketplace UI

Apr 2026

- Developed a futuristic AI-powered digital marketplace with a dark-themed UI, interactive product cards, personalized recommendations, wishlist, and dynamic cart.
- Built with React.js and Tailwind CSS, focused on responsive design, scalable component architecture, and usercentric UI/UX.

Challo Sairam — Campus Bus Tracking System

Jan 2026 – Present

- Developed a smart campus bus tracking system with real-time GPS tracking, ETA prediction, route visualization, and smart notifications.
- Building using React.js, Node.js, Maps API, and Firebase/SQL to improve student transportation efficiency and safety.

TG Raise — Inclusive Support Platform

Feb 2026

- Built an AI-powered support platform for accessibility, safety, career guidance, and government scheme access for underserved communities.
- Implemented AI assistance, shelter finder, emergency support, and community networking features with a focus on accessible UI/UX.

Golden Mess Restaurant App — Self-Ordering & Billing System

Jan 2026

- Developed a self-ordering and digital billing web app for restaurants with secure authentication, category-based ordering, and dynamic cart management.
- Implemented QR-based payment workflow and automated e-bill generation to streamline restaurant operations.

Online Shopping — E-commerce Frontend

Jan 2026

- Built a responsive frontend e-commerce site with interactive product listings, add-to-cart functionality, and optimized UX using HTML, CSS, and JavaScript.
- Recognized as a Top 10 Finalist at Quintessence 2026.

- Calmly – AI-Powered Mental Wellness Platform

July 2026

 - Developed an AI-powered mental wellness platform in my **Second One day Hackathon Conducted by B2G Organization** that enables early detection of stress, anxiety, and mood patterns through daily check-ins, emotion analysis, and intelligent insights, with integrated chatbot support and therapist connectivity.

FREELANCE EXPERIENCE

- Freelance Frontend Developer & UI/UX Designer

Jun 2026

Self-Employed, Remote (Chennai-based)

 - Designed and delivered a professional promotional poster for Muscle Maker Fitness Studio, applying layout balance, typography, and color principles for a polished, on-brand result.
 - Conducted one-on-one client consultations to scope requirements and translate client vision into a final design output that supported brand visibility and marketing goals.
 - Strengthened client communication and real-world project delivery skills through this first freelance engagement.

TRAININGS & CERTIFICATIONS

- AWS Training & Certification
